The Stefon Diggs era in Buffalo has come to an end.While that may have deteriorated as of late, Diggs is one of the top receivers in the NFL when firing on all cylinders and now pairs himself with arguably the brightest young quarterback in the league in CJ Stroud , who is coming off an Offensive Rookie of the Year season in 2024.Last month, Diggs had a cryptic social media post where the wideout said he was "ready for water." That was just the latest in what appeared to be indicators that he wanted out of Buffalo, including being absent from the start of mandatory minicamp last year . At the Pro Bowl Games back in February, Diggs also cast some doubt on his future with the franchise. When asked if he was optimistic about his future with the Bills, he said, "I can't tell you what the future holds, but I'm still being me."Last month, Diggs had a cryptic social media post where the wideout said he was "ready for water."
