

Isaac's family was going on vacation. "The food service will begin soon. Just lower the tray on the seat in front of you, and flip this switch. Then they'll bring your dinner! Last time, they served chicken, peas, and a box of raisins," Rachel explained. Then the pilot notified the passengers of bad conditions in the atmosphere. "We're tracking the weather: lightning, clouds, etc. The ride might get a bit rough," he stated. Suddenly, the plane started to shake. "The first time I flew, the plane shook so bad that cargo started falling. My parents told me to listen to music and read a chapter in my book. It calmed me," Rachel said. After being idle for a few minutes, the pilot announced that they were ready to leave. He put on headphones and took out a book by his favorite author. He looked out the window at the vivid colors of the sky. "I'm still a bit nervous," Isaac said, "and I'm getting hungry." Suddenly, the plane shook again.
