

Application for part-time clothes shop assistant I am writing to apply for this position which I saw advertised on the gulf daily news. I think it is important to have more shops that sell eco-friendly clothes that help to educate and inform consumers about the choices they make. We should all do our part to reduce our fashion footprint, and shops like yours are an excellent choice for customers who want to know where their clothing has come from. I am fluent in English and I speak different languages as well, including Arabic and French. I am a sociable, reliable, organized and responsible person. I enjoy meeting new people and talk about the latest designers and styles. As noted in my attached CV, I believe that my skills and personality are a very good fit for this position. I am an intermediate school student and I am 15 years old. I am looking for part-time work to fit in with my studies. My manager was very satisfied with my performance.
