Tobacco is a plant that people use to make cigarettes and other stuff like that.The report will focus on one point, the government's effort to decrease tobacco use among the young.(Americans for Nonsmokers Rights. 2012 Jan 2) The purpose of this project is to investigate what students think about tobacco and how the government discourages tobacco use.Over time the environment which had supported smoking indoors has transformed.Today, 23 states and 493 localities have adopted laws restricting indoor smoking.Limiting where people can smoke has contributed to the social marginalization of smoking as an accepted behaviour.However, it is very harmful for its user and it causes a lot of health .problems.Its use is very common
