

Friendship Friendship is a very, very beautiful thing, and it is one of the things that God has blessed His servants with to have a friend who shares his concerns and rejoices with him. One of her good characteristics is that she loves goodness for people and she was able to stand with me in all bad circumstances. The second one is called Lama, who is like Omar Lama, 17 years old, from Sudan. One of her good characteristics is that she likes to share people's joys and sorrows. Lama's bad qualities are that she cares about money, is lazy and does not work hard in studying. I have two friends, the first is Sarah and she is 17 years old from Sudan.
