

many people are scared of birds, I am one of them. I was attacked by a bird when I was young. I hated being scared every time a bird flew next to me, so I decided to change that. Many birds spread seeds and pollinate plants. They also reduce weeds and control pests from spreading. Next, I started going to places where birds come in flocks, to watch them closely. Eventually, finally, I visited a bird colony and had a parrot stand on my hand. It was weird but amazing at the same time. First, I read a lot about different kinds of birds. I read about useful birds that help the planet flourish. I became comfortable around them and .wasn't scared
