

He decided: He determined that 70% of the population are under the age of one and need time, which prompted us to focus and notice its importance. It witnessed a quick conference that emerged, crystallizing the embryo of AUM, as it occurred to us that we must take this experience to a greater institutional dimension, and here was an inevitable innovation with the establishment of AUM. The success has extended to many aspects, represented by strategic partnerships such as Oracle, Microsoft, Novell, and many others, and has greatly benefited us from the experience and accumulation of that creativity, work in this sector and excellent leadership. Al-Othman began to establish the founders of the efforts to reach the petition in Kuwait, and it took more than 7 electrical, so far in the beginning in 2008.
