

Riyadh, December 14, 2023, SPA -- The Board of Directors of the Qiddiya Investment Company announced today the launch of the Qiddiya project's Gaming & Esports District, which is the first multi-use gaming and esports district in the world. The district will welcome leaders of the gaming and esports sector, and will provide regional headquarters to more than 30 leading video games development companies. With the aim of attracting players from all over the world, the district will enhance the Kingdom's position as a global center for gaming and esports.
