

Finally my vacation starts after exams. I spend the first week just sleeping and eating, and the second week starts with me being active and preparing for the summer family trip. Then we went to Milan and I was really happy because it combines eating and shopping. I start shopping and preparing bags. My brother picked me up from the airport and we stayed there for 5 days and visited the most famous places. Then we went to Switzerland and it was the city of dreams. On Sunday we went to Paris.
