

Dear Madam I am Nouf Principal and I am writing to apply for the advertised position at Dutch Bros. With more than 5 years of experience in the barista field, I have successfully obtained a promotion certificate as the best barista. I was particularly attracted to this opportunity because it is the largest specialty coffee company here and aims to provide multiple types of high-quality coffee. I would appreciate the opportunity to discuss how my skills and experience could benefit you. Thanking you in advance and looking forward to hearing from you at your earliest convenience .
