

The Dubai Chamber CSR label was presented to Landmark Group. In 2016, Group Landmark embarked on a 'Green Initiative' by funding the planting of 26,000 tree saplings in Kheda, Gujarat, in collaboration with grow-trees.com, a social enterprise dedicated to tree planting. The 'Green Initiative' of Group Landmark will offset 5,20,000 kgs of carbon per year upon maturity. Landmark Group has unveiled its inaugural sustainability report outlining the company's efforts to promote Environmental, Social and Governance (ESG) best practices across its businesses in the Middle East and India.
