

My family day started on Friday early in the morning, as we all gathered to eat breakfast together. Everyone participated in preparing the food, creating an atmosphere of cooperation and fun. We prepared various dishes of pancakes, eggs and fresh juices. We spent happy hours there, playing ball games, wandering through the trees, and enjoying the wonderful nature atmosphere. At noon, we returned home and prepared a delicious shared lunch. We exchanged beautiful conversations and memories while walking. After breakfast, we decided to go for a walk to the nearby park.
