

Before the 1900s, there were no special basketball uniforms. The first basketball uniform had knee-length padded pants or shorter pants with long tights. Basketball players wore any type of athletic clothes which made it difficult to differentiate teams. The uniform is made of lighter polyester and nylon. There were two types of T-shirts, one with sleeves, while the other was sleeveless. They wore special basketball shoes with suction cups. Today they wear long shorts and sleeveless t-shirts. Basketball uniforms have changed through the years. Basketball uniforms are very different. They wear sneakers, this keeps basketball players cool as they run or jump. Each team has its own colours now. In future, these uniforms will change too. Players need uniforms that are practical and in fashion. The entire uniform was made of heavy wool.
