

sleep is very important. Did you know that sleep is more important than food? A person who does not sleep dies at a younger age than a person who does not eat.² Let's say you go to sleep 12 hours later than you usually do. It will take your body about three weeks to return to normal. We spend about one-third ($1/3$) of our lives in sleep. That's about 121 days a year! Ways
