

According to the United Nations Children's Fund (UNICEF), one child is killed or injured in Gaza every 10 minutes. Thus far, over 12,000 children have been injured by the Israeli occupying forces, averaging at least 70 children a day, with an estimated 10 of those children losing limbs or suffering other life-altering wounds. This is unfathomable and unconscionable. Over 17,000 children have been orphaned or separated from their families, some of whom may never be found.
