

?Everyone has negative people in his life, and there're those who talk about you, and there're those who want you for their own benefit, and there are those who only have seasons with you, but DO NOT care and DO NOT listen to what they say about you in front of you or behind your back. When your heart is good, you will give, help, trust, and love, and you will not wait for anything from them, but no matter what happens, be you, even if you're feeling hurt still keep being you.
