

It was just an ordinary night on a crowded subway car for Patrick Swales, a 21-year old web designer in New York City. Disbelief, amusement wonder were all conveyed in that one look! Shaken by the encounter and determined to find his double, Patrick came up with a unique idea. He created a website called subwaymydouble.com. Patrick and Manuel have decided to take themselves out of the public eye, so they have stopped updating the site. Suddenly, he saw himself waiting at the platform. What was he doing waiting there? He posted his own photo and a description of the man he had seen in the subway, in the hope that someone would see it and make contact. His name is Manuel and he is in New York studying web design! The car had just stopped at a station and the doors opened.
