

o Titanic Film 1997 Titanic is an American romance film that was published in 1997. The film won fourteen Academy Awards and best picture and best director and best film editing and the best original dramatic score. It relies on how could the RMS Titanic sink, and the film has famous stars such as Leonardo DiCaprio, and Kate Winslow as an orphan of rich women who fall in love with a man who is low in the social class aboard the ship. However, the end wasn't expected that Jack died and a strong ship such as the Titanic sank and Rose stayed her life hoping that Jack will be back. The film was directed and written by James Cameron. Titanic accomplished powerful demand and economic success. It was the first film to get the billion-dollar mark.
