

****a. Fun:**** May Sarton said, "A holiday gives one a chance to look backward and forward." Holidays offer a chance to escape the routine and experience excitement. They break the monotony of daily life, alleviate stress from work and studies, and provide opportunities for fun activities. Holidays also serve as a time to recharge and rejuvenate. ****b. Knowledge:**** "The world is a book and those who do not travel read only a page," suggests the importance of exploration. Traveling allows us to attend art shows, such as festivals, galleries, and museums. It broadens our perspectives and helps us see beyond our familiar surroundings. Through travel, we experience new cultures and lifestyles and meet individuals with similar interests.
