

Throughout history, religion has been abused and misunderstood. It is in this sense that Islam has been, and will continue to be the true universal religion of God, the One and Changeless. The true followers of Abraham, Moses and Jesus-- the Holy Qur'an asserts--have all been called MUSLIMS. Others, furthermore, manipulated it as a source of power and domination over the elite and the masses alike.3- It should be borne in mind that Islam was not preached by prophet Muhammad alone. In the name of religion, oppressed, science has been persecuted, and man's dignity and honour have been debased. Besides, it appeals to the human nature which is fundamentally the same, irrespective of time, place, race, age or any other consideration. The indisputable answer is an emphatic 'no'!
