The 2030 vision has many ambitious goals in all aspects of life in the Kingdom of Saudi Arabia, including: education, economy, and tourism. For Tourism, Vision 2030 aims to create attractions that are of the highest international standards, improve visa issuance procedures for visitors, and develop Saudi historical and heritage sites. Saudi Arabia aims to more than double the number of Saudi heritage sites registered with UNESCO. Although this sector is still in its early stages of growth, it has already exhibited great potential in satisfying international and local investors' needs.
