

Since the formation of Arab culture until today, we have been following this path in our appreciation and pride in the great moral value of camels in our Arab culture. Naming The year 2024 AD, the "Year of the Camel," comes in the context of national efforts to pay attention to camels, and our role in the Ministry of Culture comes to add a cultural dimension to this high national interest, and to look at camels from a cultural perspective that reflects their high status in the conscience of the Saudis. Through the "Year of the Camel 2024", the Ministry of Culture, along with its active partners, will celebrate this important cultural element, through events, activities and initiatives held throughout the year, as well as efforts aimed at developing the camel sector. We celebrate camels as a very important cultural value.
