

United Smart Pharma is a fast-growing company in the field of pharmaceuticals, raw materials and appliances trading. Due to the long and wide experience that our candidates possess in the field of selling and servicing pharmaceutical and food appliances; we managed to be the agent of more than ten supreme companies that supply machinery, from: Europe, India, and China. Due to the impressive outcomes from this business model, we have decided to expand our activities, and though to penetrate the pharmaceutical and food industries through machinery and appliances trading. All are top notch producers of high-quality range of APIs (Active Pharmaceutical Ingredients); they are strictly following state of the art production standards, and they are exporting their products to the international markets. United Smart Pharma is aiming to invade the pharmaceutical field and be among the top key players in the Egyptian market through its long history of experience of its management team including international management in the area of marketing, sales and supply chain activities; which will give United Smart Pharma a leading position in Egyptian market. To be Specific on what our client wants, Measurable according to our customers' satisfaction, Achievable towards our goals, Realistic to offer only the best service in a Timely defined period. Strong business development through alliance, licensing in, contracts manufacturing and other pharmaceutical business models to ensure the market leading & driving. Corporate Strategies Penetrate the pharmaceutical market.
