

??There are also some notes on vocabulary and grammar which correspond to boldfaced items in the dialog. The texts students work from are handouts containing lengthy dialogs (as many as 800 words) in the target language. What follows is the second major phase (the activation phase), in which students engage in various activities designed to help them gain facility with the new material. MMsGBPKRWJPY: Desuggestopedic course is conducted in a classroom which is bright and cheerful.
