

Masdar has welcomed the decision by the Environment Agency – Abu Dhabi (EAD) to ban the use of single-use plastic in Abu Dhabi by 2021. "As a pioneer in sustainable urban community development, Masdar welcomes the decision by the Abu Dhabi Government to introduce this policy on single-use plastics. Masdar has always taken an active role in promoting best practice for waste management – for instance, Masdar City recently won a Guinness World Record for the world's largest mosaic made from recycled materials, helping to promote responsible recycling," said Mohamed Jameel Al Ramahi, Chief Executive Officer of Masdar. "Masdar is proud to support the UAE's goals in sustainability and waste management."
